

DAILY NEVADA STATE JOURNAL.

VOL. 8.

RENO, WASHOE COUNTY, NEVADA, FRIDAY MORNING, OCTOBER 26, 1877.

NO. 23.

DISCRIMINATION.

Of another instance of the unjust discrimination practiced toward us by the C. P. R. R., the Carson Tribune tells as follows:

It appears that the C. P. R. R. promised, some years ago, a premium for the discovery of coal that would answer for heating purposes and generate gas. Moore & Parker have proven that their coal mine in Elko county is a meritorious one, and have been offered a contract for large quantities at \$15 per ton. They now write to the President and Managers of the C. P. R. R. Company asking the rate of transportation from there, and received for answer that \$24 per ton is the lowest figure. It seems that the company haul coal from Evanston, but a few miles from Carlin, to San Francisco for \$7 per ton. Now the question is, why this discrimination. Moore & Parker have expended their all in the development of the coal mine, and it is nothing more than just that they should have an opportunity of bringing their coal to market.

The Grange is a living power. Why? Because it is an organization of farmers and farmers are the conservators of the strength and of the moral power of the race. Why? Because of the living in the country, under the sweet air of heaven, and surrounded by the realities of God, they grow strong and healthy in body, mind and heart. The Grange is the organization of farmers. While grass grows there will be farmers. While men remain there will be those who try to oppress the farmers, and farmers will resist, and band together to make their resistance more effective. The Grange is this organized resistance. It is the world. It represents and combines together a vast body of the intelligent, just-minded men. It gives these men the power of combination. The Grange has but just begun its work—it will not end it till time shall be no more.

GENERAL GRANT'S TOUR.—The following is the programme laid down by General Grant, to a correspondent a few days since, of his proposed journeys for a year to come: On the 20th of October he will go to Paris and stay six weeks; thence to Marseilles, Nice and Genoa. At Genoa he hopes to take an American man-of-war to different ports in Spain, Turkey, Egypt, Malta, Sicily, etc., and the Grecian Archipelago. He will return to Naples about the 15th of February, stay there two weeks, proceed to Rome for a month, go to several large towns and return to Paris about the end of April, 1878. He will stay in Paris until about the end of May and then go to Denmark, Sweden, Norway, Russia, Austria, and return by the Stelvio Pass to Switzerland, where he expects to arrive in September, 1878.

THE Central Pacific Railroad is before the United States Supreme Court in an action against the United States to recover freightage on Government property. The Railroad Company contend that under the decision in the case of the Union Pacific Company vs. the United States, the companies are not required to pay the interest which has been paid by the Government on its bonds before the maturity of the principal of the bonds, and hence the Government has no present claim against them which can be subject to offset against their claim for freight charges.

CONDUCTOR'S BROTHERHOOD.—At a meeting of Silver State Division, No. 15, of the Conductor's Brotherhood, held in Carson City, October 2, 1877, the following officers were installed for the ensuing year: E. F. Verrill, Past Chief Conductor; J. R. King, Chief Conductor; Wm. M. Havenor, Assistant Chief Conductor; Al Yeomans, Secretary and Treasurer; S. D. Briggs, Senior Conductor of Ceremonies; O. Thrall, Junior Conductor of Ceremonies; R. E. Teeple, Inside Sentinel; W. Murray, Outside Sentinel.

"Mother, where's Bill?" "My son, do not let me hear you say Bill again. You should say William." "Well, mother, where's William?" "In the yard feeding ducks." "Oh, yes, I see him now. But, mother, what makes the ducks have such yellow bills?" "Go to your brother directly, you little scamp, or I'll box your ears."

MISCELLANEOUS.

HOME AND HOME SHUTTLE SEWING MACHINE.

JOHNSON, CLARK & COMPANY, MANUFACTURERS, 17 New Montgomery St., San Francisco, Cal.

The HOME and HOME SHUTTLE Sewing Machines were awarded the highest prize and diploma at the Centennial, 1876, and are the perfection of mechanism. These unequalled machines are a straight needle, make the "Lock Stitch," have a self-adjusting tension, and are adapted to every variety of Sewing for Family wear, from the lightest muslins to the heaviest cloth, and will also sew leather. They are especially adapted to the wants of

Tailors, Dressmakers, Seamstresses, Manufacturers of Clothing, Shirts, Skirts, Corsets, Ladies' Boots, Umbrellas, Etc., Etc., Etc.

THE HALL TREADLE

Is the greatest improvement ever invented in connection with the sewing machine, and we being the sole agents for the Hall Treadle, have concluded to apply it to every "Home" or "Home Shuttle" Sewing Machine sold hereafter on the Pacific Coast, without extra charge. (Take notice that every other Sewing Machine fitted up with the Hall Treadle costs \$1 extra.) The Home and Home Shuttle Sewing Machines with Hall Treadle attached, are the lightest running, and superior to any machine, and for all practical working purposes.

Simplicity, Strength and Beauty. They are unapproached by any other Machine yet invented.

The Hall Treadle will be attached to any other machine if desired. Mr. Jaquish invites all to visit his place and see how it operates.

A GOOD MOVE.

We learn that a move is to be made by the people of Truckee and of Sierra Valley to have the Legislature of California that meets in December, cede to this State a strip of the State of California that now lays east of the summit of the Sierra Nevada mountains. This certainly should be done, and the new line should be run so as to include Honey Lake and Surprise valleys. The people of all the above named places have no more connection with California than do the people of Humboldt county. They come to Reno to sell their produce, to purchase their supplies and to take the cars if they are going East or West. In every case in which they have business with the law courts they are greatly discommoded by being obliged to go to towns distant from their homes and where they have no other business. The residents of Truckee, Crystal Peak and Boca are now obliged to go to Nevada City or Downsville whenever called to the county seat. Those who live in Sierra and Long Valleys, must go to Downsville and from Honey Lake and Surprise Valleys to Quincy. Why the summit of the Sierras a natural boundary, known of all men, was displaced for a line run by certain courses, but which has no natural points to define it, probably some sharp politician who had his finger in drafting the act of Congress fixing the line could tell, but is a mystery to ordinary mortals. The country that lies on the eastern side of the summit should belong to the State of Nevada, for the people belong to us in all their relations. It is a shame to force so many people to undergo such hardships in getting to their respective county seats.

The committee appointed at the recent meeting of the Comstock Superintendents to prepare estimates of the cost of pumping water from the level of the Sastro Tunnel to the surface, and also to collate all information relative to the tunnel, having just bearing in making a compromise of the Sastro Tunnel problem will probably be able to report says the Gold Hill News in a week or two. As stated in our last weekly report, it is definitely ascertained that the Tunnel will not tap the Comstock so deep by 100 feet as has been heretofore represented. It will intersect its objective point, the Savage shaft, at the depth of 1,650 feet below the surface of the shaft, which is 218 feet below the level of the Gould & Curry croppings.

FUTURE DIAMOND MINES.—The Gold Hill News says: Active work is resumed in the Trojan mine, and before many days it will be supplying mills with the material for making bullion bricks, as there is plenty of good pay ore already developed in the mine. In a year from now Alta and Trojan will both be paying dividends. Yellow Jacket will also resume her place among dividend paying mines in the course of two years from now. The munificent dividends from the bonanza mines will continue for months longer at least, for there is plenty of rich ore in sight to do it on.

The timber used in the Comstock mines costs \$17,000 a day; the fire-wood, mostly consumed by the steam engines, \$6,000; candles burned in the mines, 10,000; the quicksilver lost, \$2,000; and the ice needed to cool the water for drinking in the hot lower levels, \$1,000 a day. The Consolidated Virginia alone uses ice daily worth \$180. Over two tons of bullion, containing forty per cent. of gold, is produced, valued at from \$180,000 to \$150,000.

The Virginia Chronicle says: "A movement is on foot among prominent Republicans and Independent politicians in this State to have Mr. Crawford removed as Superintendent of the Carson Branch Mint, and to have John H. Mills appointed instead." It will avail nothing.

The dividends declared and paid to date by the bonanza companies amount to \$54,000,000. Of this amount the Con. Virginia company has paid \$24,000,000, and the California company has paid \$30,000,000.

FORGETTING THE PARTY.

The President's Order to Federal Officers Here—The Recent Secret Meeting of a Clique of the Republican State Central Committee—One Federal Officer Put in the Place of Another.

(Virginia Chronicle, Wash.)
The following documents received by F. C. Lord of this city, Collector of Internal Revenue, are what caused his resignation from the Republican State Central Committee. The gentleman selected by the Executive Committee to fill the vacancy caused by Captain Lord's resignation, was E. Strother, Register in Bankruptcy. The latter position most people would consider, to all intents and purposes, a Federal office, coming within the meaning of the annexed letters:

TREASURY DEPARTMENT,
WASHINGTON, D. C., July 12, 1877.
F. C. Lord, Esq., Collector Internal Revenue, Virginia City, Nevada—SIR: I transmit herewith copies of Executive order dated June 22, 1877, prohibiting officers of every Department of the Civil Service from taking part in the management of political organizations, caucuses, conventions or election campaigns.

You are requested to invite the attention of each employee under your supervision to the contents of this order. Very respectfully,
R. C. MCCORMICK,
Acting Secretary.

EXECUTIVE MANNION,
WASHINGTON, June 22, 1877.

SIR:—I desire to call your attention to the following paragraph in a letter addressed by me to the Secretary of the Treasury, on the conduct to be observed by officers of the General Government in relation to the elections:

"No officer should be required or permitted to take part in the management of political organizations, caucuses, conventions or election campaigns. Their right to vote and to express their views on public questions, either orally or through the press is not denied, provided it does not interfere with the discharge of their official duties. No assessment for political purposes on officers or subordinates should be allowed."

This rule is applicable to every Department of the Civil Service. It should be understood by every officer of the General Government that he is expected to conform his conduct to its requirements. Very respectfully, R. B. HAYES.

A Chronicle reporter, in conversation with several prominent Republicans, found that there existed considerable dissatisfaction at the manner of calling and holding the meeting which reorganized the committee. Captain Lord said that the meeting was held at the suggestion of General Batterman, and that only the members of the Executive Committee were notified to attend. Captain Lord also said that he considered the Register in Bankruptcy a Federal office-holder.

Mr. George A. King, a member of the State Central Committee, and of the Executive Committee also, said that he had received a notice of the meeting through the postoffice—a few days after the meeting was held; consequently was not present at the meeting.

Mr. Robert Lindsay, a leading Republican, informed the reporter that he knew nothing of the meeting until he read the report published in the Chronicle. He thought notice should have been published so that the rank and file of the Republican party, to whom the formation of the Central Committee was of great interest, could have taken some hand in the proceedings.

TEN BROECK BEATEN BY PAROLE.

The following dispatches explain themselves:

BALTIMORE, Oct. 24.—The two and a half mile race at the Pimlico race course to-day was the great event, and there was the wildest excitement, both before it was run and during the struggle. Ten Broeck started ahead, with Ochiltree second and Parole third, and kept these positions for a mile and a half, when Ochiltree pushed ahead, and led Ten Broeck two lengths at the home stretch, with Parole three lengths back of Ten Broeck. The laggards pulled up a length in the next quarter, and Ten Broeck finally passed Ochiltree, but Parole, making a fine dash, went to the head down the home stretch, and finished two lengths ahead, with Ochiltree four lengths behind Ten Broeck. Time, 4:37 1/2. Parole was cheered by the people, and his jockey carried in triumph about the track by the hilarious crowd. Among the throng present were Senators Bayard, Don Cameron, David Davis, Beck McGreevy, McDonald, Bruce, Gordon, Armstrong, Thurman, Howe, Johnston, Oglesby and Ransom, and many members of the house.

LOUISVILLE, Ky., October 24.—There is indignation here over the result of the Baltimore race. It was believed here as early as Tuesday that Ten Broeck would be jockeyed.

The effect of Dr. Linderman's order stopping the exchange of trade dollars has been to send the price of those coins up in San Francisco to ninety-nine cents and par. The Bulletin condemns the order as unwise, and says it subjects the Director to the suspicion that his conduct is not altogether unselfish.

A REFRIGERATOR SLAUGHTER YARD AT WENAMUNOCA.

On a project well in hand by a couple of Benoit's the Wenamunco Silver State, of Tuesday, relates as follows:

Alvario and Newton Evans, who own one of the finest stock ranges and most extensive herds in this county have made a proposition to build a refrigerator slaughter yard here, which if accepted, as it undoubtedly ought to be, will insure the erection of suitable buildings for the purpose indicated, forthwith. O. C. Biles, President of the Humboldt District Agricultural Society is now taking subscriptions for the amount of money required, and is meeting with good success. The Evans brothers' proposition is a liberal one, and as they are enterprising men, we may reasonably expect the commencement of work on the proposed buildings before the close of the present month. Our business men must not let this opportunity slip to secure the benefits sure to accrue to the town from this enterprise. With a slaughter yard established here, from which dressed meats can be shipped East or West the cattle trade of Eastern Oregon and Western Idaho would be secured to Wenamunco.

COHN & ISAACS, of the famous White House, have raised the black flag and propose having a war-dance over the prostrate bones of all opponents in the clothing business. Blood and scalps is what they call for, and "war to the knife and knife to the hilt" is their motto, neither giving nor receiving quarter. They revel in the destruction of prices, and are selling off the best of clothing at the most ruinous cash rates by the wagon load, in order to make room for huge invoices of Fall and Winter goods, which are arriving.

District Court.
Yesterday in the case of Olette vs. Beau et al., after being argued, was taken under advisement.
State vs. M. Lippman; defendant gave bonds of \$1,000 for his appearance to-day, when he will have a hearing.
State vs. Bill Hurt; the Grand Jury having ignored the charges against him, he gave bonds of \$500 on his own recognizance, and the matter will come before the next Grand Jury.
The trial of the two Italians, for the murder of Garcia Lucio, was set for Oct. 30th.
In the case of Smith vs. Mayberry judgment was rendered in favor of the plaintiff.

Artesian Well Experiment.
At last we are to have practically settled the question of the feasibility of artesian well projects in this section. Orrin Ross, of Glendale, starts the thing, and work was commenced yesterday afternoon, with a 7 inch bore, by Mr. Wm. Lanfetter, of Lanfetter Bros., Sacramento, artesian well borers, who have dug 6,000 holes in the Sacramento Valley, through all of which water flows freely. It is the opinion of this gentleman that a depth of 100 feet is all that is necessary on Mr. Ross's ranch. We shall watch the experiment with a great deal of curiosity and anxiety, as the outcome will prove a great blessing to the county.

Forwarded.
The petition for mail service on the route between Reno and Surprise Valley has been forwarded to Congressman Wren, and we hope he will lose no time in presenting it to the proper Department. The Surprise Valley petition, signed by 250 residents, having been lost, Mr. Chas. Knust makes affidavit to that effect, which affidavit accompanies the Reno petition.

That "Order."
We understand the order of the C. P. forbidding use of cars for wood or lumber, referred to yesterday, has been so far modified as to permit all, except regular shippers, to have use of cars. The sidetracks were becoming blocked, hence the order.

The British Colonist (Victoria, B. C.) says: "The engagement of the McGibeny Family, at the Theater Royal last week, was a complete success. The performance was exceedingly meritorious, and gave entire satisfaction to the elite of Victoria, which was largely represented." That was nearly two years ago—since then they have appeared before San Francisco audiences in over 30 concerts. Don't fail to see them tonight.

Hoole & Co. announce this morning, in addition to their full stock of drugs, perfumes, etc., that they are the agents for the latest improved sewing machines—Wholer & Wilson straight needle, lock-stitched. Read the notice.

The survey of the route for the direct line to Virginia City will be completed in ten days. Mr. Haist says that a far more favorable route than was anticipated is being found.

The Reno Rotisserie is the name Hayward & Mann have given their new eating place. These are good boys, and the public will lose nothing by bestowing their patronage there.

A DRUNKEN squaw attracted a crowd yesterday afternoon. Tar and feathers are what the rascal who sells Indians whisky needs.

LEAHY & HOBAN are no longer running the Granger House. They have sold out, and gone below some where.

The Railroad Company, determined not to be caught napping, are having their snow plows made ready for service.

J. W. MACKAY, of bonanza fame, will return to Paris in about three months and join his family, who are still there.

We are obliged to Mr. Harrison Wright for a lot of his Centennial potatoes. Such spuds suit us.

THE C. P. pay car paid to its employees here yesterday—in silver of course.

THERE is talk of running a skating rink soon, to run during the winter months.

Stocks are tumbling, and the brakes appear to be clear off.

Go and enjoy a hearty, wholesome laugh with the McGibeny to-night.

NEVADA'S BULLION PRODUCE.
The Yield During September—An Increased Production Probable.
(Virginia Chronicle, 24th.)
Following is an official statement of the bullion yield of Nevada mines during the month of September.
Alpa (Lincoln county).....\$ 14,500
California.....1,500,000
Chollar Point.....25,500
Consolidated Virginia.....1,242,500
Kruska Consolidated.....415,100
Grand Prize.....66,300
Indian Queen (Esmeralda Co.).....1,300
Justice.....221,000
S. E. Consolidated.....46,000
Lamar.....81,100
North White.....15,000
Manhattan.....121,800
Northern Belle.....181,200
Raymond and Ely.....24,500
Ely Patch.....20,400
Type Consolidated.....20,200
Total.....\$4,800,200
The statement includes sixteen mines. The Alpa and Raymond and Ely have again come to the front as bullion producers—the former only recently and the latter for some few months. Neither the Belcher nor the Ophir yielded any bullion during the month of September. The Ophir will probably recommence shipping in a few weeks, and Belcher will probably follow suit as soon as the river mills start up. Crown Point will make one or two shipments this month, the Sapphire mill having started up on Crown Point ore.
This will add three Comstock mines to the list. In the eastern part of the State and in Esmeralda county some new mines will also join the roll of bullion-producing mines. It is therefore highly probable that the yield of the Nevada mines for the last quarter of 1897 will not only exceed that for the preceding quarter of the same year, but that it will be much greater than for the past two years.

GRAND Liquidation sale of that large and complete stock of millinery, and general dry goods now at L. M. CHASE'S, Virginia st., east side.*

TREMENDOUS SLAUGHTER IN PRICES!

UNPARALLELED BARGAINS!

OUR ENTIRE STOCK IS BEING OFFERED AT SUCH ruinously low prices that people are puzzled with amazement as to our object in ruthlessly sacrificing our goods as heretofore. We have but one object!—To dispose of our entire stock, as it is altogether too enormous for any City in Nevada. However, as we purchased it much below Manufacturers prices, we feel confident that we can dispose of it, seeing we are offering the same at such a sacrifice in price. Don't fail to call and see us as we will guarantee you a saving of 50 cents on every dollar you invest. Respectfully,

GREY & ISAACS,
Virginia Street.....Reno, Nevada.

NOTICE TO TAXPAYERS.

Treasurer's Office, Washoe Co., Nev.,
Reno, October 15th, 1877.

Notice is hereby given that the State and
county taxes for the fiscal year 1877, are now
due and payable at this office, and that the
law requires that the collection will be strictly
enforced. On all taxes unpaid at the close of
the fiscal year on the 1st day of November, 1877,
there will be added ten per cent. for delin-
quency and on taxes which exceed the sum of
three hundred dollars there will be added twenty-
five per cent additional as provided by law.
B. B. BOWEN, County Treasurer.

And in accordance with law, and an order of the
Board of Directors made on the 28th day of
August, 1877, so many shares of each parcel of
such stock as may be necessary will be sold at
public auction on the 1st day of October, 1877, at
the hour of 10 o'clock P. M. of said day to pay
said delinquent assessments together with
interest of advertising and expenses of the sale.

By order of the Board of Trustees,
L. O. BATCHELDER, Secretary.
Reno,
